WHAT IS BRIDGE?

BRIDGE aims to increase the visibility of early-career scholars from underrepresented groups to combat the attrition of underrepresented graduate students in STEM by highlighting exceptional broader impacts and facilitating mentorship with graduate students.

To address these aims, we host 3 events:
- **BRIDGE2Science**: traditional technical talk in host department
- **BRIDGE2Impacts**: freeform event (talk, workshop, panel) on broader impacts
- **BRIDGE2Students**: mentorship lunch with graduate students

---

**INFORMATION PANEL**

Interested in learning more about BRIDGE, joining, or expanding to your department seminar? Join us for a panel of graduate student organizers!

- Sungha Kang
  - Psychological and Brain Sciences
- Nadia Fernandez
  - Environmental Conservation
- RoseAnn Vik
  - Microbiology

**WHEN?** MONDAY, OCTOBER 26th, 10am-11am

**WHERE?** Zoom meeting ID: 995 7493 0371
